Hydro program saves energy

by SUE COOPER
Staff Reporter

Was your home hard to heat last winter? Did drafts breeze in around windows and under doors? Did frost form on the inside of your basement walls? If you can answer yes to any of those questions, Ontario Hydro's Residential Energy Advisory Program (REAP) can help.

REAP, introduced to this area last September, offers homeowners the opportunity to have their home assessed for energy loss, free of cost. With three trained personnel working from the Minden district office, hydro can advise program subscribers of deficiencies in their homes which steal all forms of energy, not just electricity.

Once the office has been contacted by a resident wishing to have his house surveyed, a hydro representative is appointed to the case. Homeowners are requested to provide energy consumption bills for the past three years to determine if an inordinate amount of energy has been used, according to Norm MacKinnon, customer service supervisor.

When the hydro representative arrives, he will conduct a walk-through survey of the home and discuss energy problems the homeowners have experienced. Doug McGee, customer service representative, said most energy efficient improvements do not have to be costly ventures for the homeowners. Simple solutions to energy loss problems such as weatherstripping, caulking, or installing framed, clear plastic sheets over older windows can decrease most home heating bills, McGee said. If more expensive alterations are required, the representative can suggest federal government programs, CHIP (Canadian Home Insulation Program) or COSP (Canadian Oil Substitution Program), to help finance the project.

Program representatives are quick to declare that REAP is not designed to pressure homeowners to undertake alterations but rather to outline alternatives. MacKinnon explains there is "no pressure, no commitments" and McGee adds

Heat loss can be reduced

"there is no intent in talking (homeowners) into converting to electric heating. It's not a selling program."

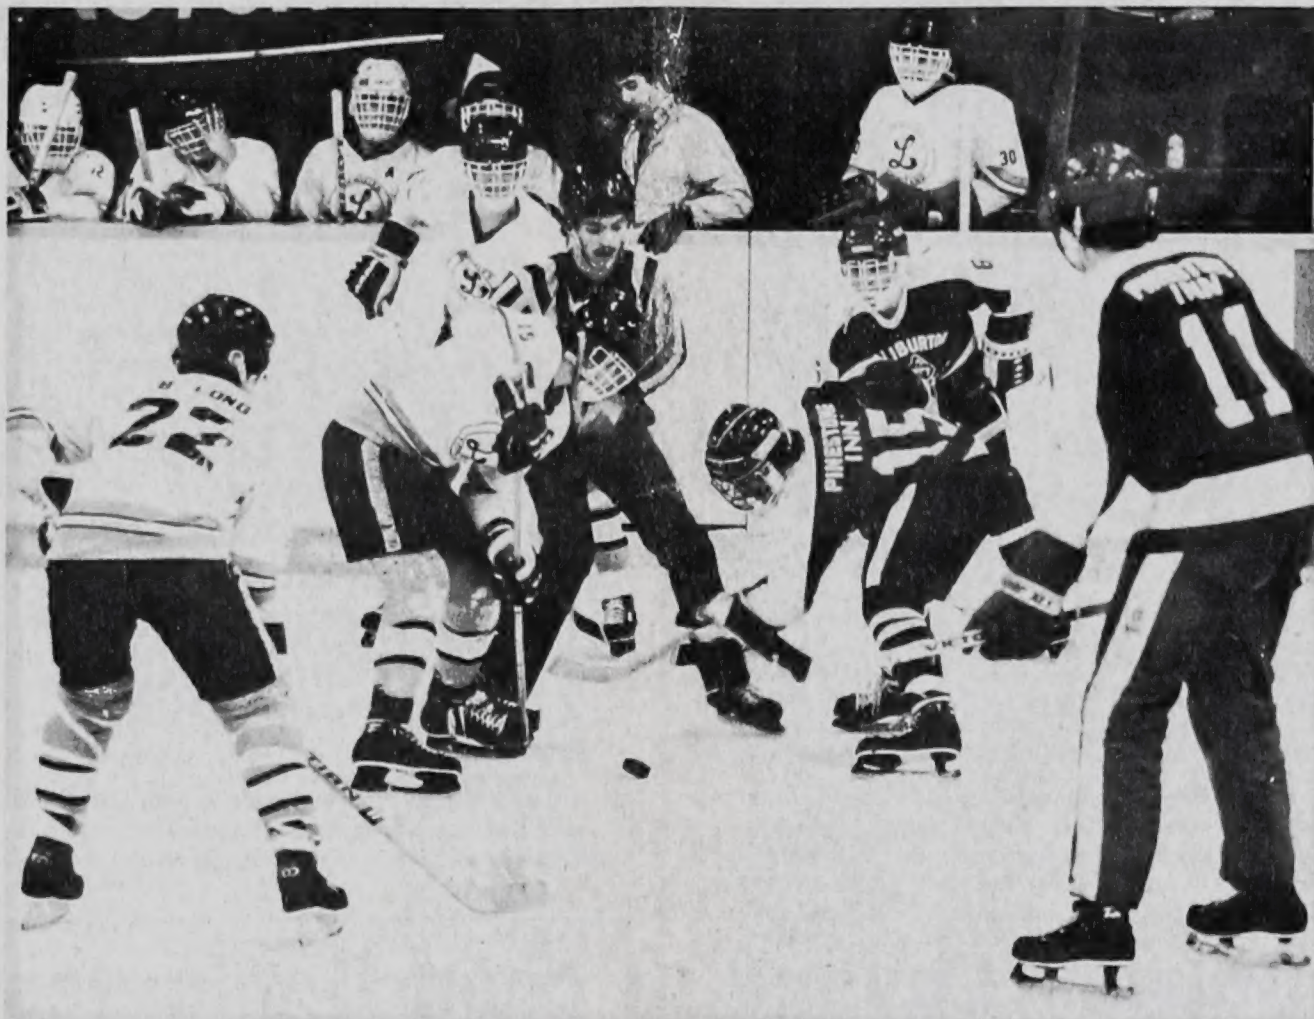

The hydro surveyors leave the homeowner a list of recommendations and estimated prices as a guide to what improvements are needed and the cost. "You don't have to change the windows in your house to make a saving" McGee said.

McGee, who has performed many of the 80 surveys conducted in the area, said "most people who are half-way handy can do 90 per cent of the work, with a little patience."

However, MacKinnon suggested homeowners should not only look at the cost of improvements but also at the comfort that will be added to their homes. As a rule of thumb, program organizers suggest a five to six year period of energy savings should pay for any improvements that are considered.

During the surveys, the representative can find energy thieves such as misuse of hot water and uninsulated concrete block walls with little or no insulating value. Most homeowners have added insulation to their attics within the past few years but might not realize more ventilation is required when more insulation is added, McGee explained.

Steve Smith and Mike MacNaull man the wings as Kevin Warburton faces off in Game 4 of the all Ontario final last Saturday night at the Dysart arena.

The Midgets came up with a big game and won 5-4 in overtime. For more details and pictures, see pages six and seven.

By-law's clauses a surprise

Lake lot frontages of 82' deemed a mistake: officials

by SUE COOPER
Staff Reporter

Anson, Hindon and Minden's zoning by-law 82-11 has been circulated to all ratepayers in the municipality but council feels many corrections will be necessary before the document is sent to the Ontario Municipal Board (OMB).

Ratepayers have until April 30 to send registered letters of objection to the municipal clerk if any policies in the document do not meet with their approval. The 24 page, metro-news-paper sized by-law was released last week.

Last fall, when the first draft of the by-law was complete, ratepayers voiced their concerns at a public meeting. Chief among those concerns were the establishment of a Recreational Residential (RR) zone (including a large segment of lakeshore properties) which would apparently limit cottage use, and the minimum lot frontage required on lakefront lots.

In the final draft of the by-law, which received its third reading from council, the RR zone was replaced by residential third density (R3), residential fourth den-

sity (R4) and residential fifth density (R5) zones. The main difference between the zones are the proximity to public roads. R3 must have public road access, R4 must be within half a kilometre of a public road and R5 is not serviced by a public road but only has private road or lake access.

While the lot frontage for R4 and R5 zones is stated in the document as 40 metres (approximately 132 feet), R3 zone requires only a minimum frontage of 25 metres (or 82 feet). In the previous by-law, 14-67, minimum lot frontage on residential lots was 100 feet.

Deputy-reeve Doug Pritchard, acting as reeve during Lloyd Walker's absence, said Tuesday there was a mistake in the document if R3 lots fronting on lakes were allowed to have 82 foot frontage requirements. "That wasn't what was planned... there's going to be a lot of mistakes," he explained.

Although he could not quote a figure, Pritchard said council's discussions had led him to believe the minimum frontage on lakes would be over 100 feet.

Councillor Lyle McKnight was surprised to hear the R3 zone was listed as 25 metre

frontage minimum. Admitting that he hoped to read the circulated document Tuesday, he said "I didn't realize it (the R3 frontage) was cut down that low."

McKnight confided he had encouraged council to impose higher frontage minimum on lakefront lots than were provided in the by-law but he was out-voted. McKnight said he would be willing to negotiate a compromise on the matter with cottage associations.

McKnight said council had promised the public another meeting would be held before the document was presented to the OMB and he felt that option was still available to objectors. He agreed council would receive grievances from lakeshore property owners because of the 25 metre frontage. "I feel we're going to have (problems). We have to have good answers for it (the frontage) and I don't have any good answers," McKnight said. He added council would probably deal with all reasonable objections and make corrections to the by-law before it reached the OMB.

Councillor Larry Cummins labelled the 25 metre frontage requirement as a "mis-

take". "It's not supposed to be that way," he said. He also felt lakefront lots were to have frontage over the 100 foot mark. Cummins said there seemed to be many inaccuracies in the final document including zoning on the accompanying maps.

Cummins declared he would not agree to a 25 metre minimum frontage requirement on lakes.

Councillor Ed Pergolas also disagreed with the minimum frontage in R3. He explained that R3 zones appear on both lakefronts and along many municipal roads.

Although Pergolas was not present when third reading was given to the by-law, he said it was his understanding the 25 metre frontage would only apply to those R3 zones on municipal roads not those fronting on lakeshore. "Our intention was that the lakefront lots were to be 40 metres," he explained. Pergolas said he felt the overriding clause should be included in the circulated copy of the by-law.

He said there appeared to be many shortcomings in the by-law, which could have been corrected before circulation. He said the municipi-

Midgets advance

Game 5 Saturday in Haliburton

Haliburton's OMHA Midgets are riding high this week after defeating Langton in overtime Saturday night at the Dysart arena to force a fifth game in their best of seven all-Ontario series. Langton now leads the series three games to one, but the local Midgets put in a strong performance Saturday night, and if they can repeat it, they may yet pull the series out of the fire.

The teams will meet for the pivotal fifth game this Saturday in Haliburton, and team supporters are hoping a capacity crowd will be on hand to strengthen the home ice advantage.

Game time is 2 p.m.

For more on the Midgets, see page six.

Kinmount centre damaged in blaze

A fire that broke out last Wednesday night caused between \$10,000 to \$20,000 in smoke damage to the Kinmount community hall and library.

The fire was noticed by a volunteer fireman driving past the hall who saw heavy smoke coming from the chimney. When firefighters arrived, the fire was burning in the vicinity of the oil furnace in the basement. According to fire department representative, Reg McCluney, a malfunction of the oil furnace is a possible cause of the blaze.

Firemen managed to confine the fire in the basement area, and save the remains of the hall. McCluney said smoke filled the basement, forcing the men to wear air packs.

The fire was under control within two hours, but two firemen remained on the scene overnight to make sure flames did not break out again. McCluney said there was a possible danger to nearby homes if the blaze began in the middle of the night. While the fire had been considered under control many times, McCluney said it kept breaking out again from the excessive oil and heat in the furnace area. No problems were experienced during the rest of the night.

McCluney said the upstairs of the structure will need a major clean-up and the library will probably close for up to a month to allow all the books to be cleaned.

A Grafton man was slightly injured last Wednesday when the brakes on this truck failed and it snapped off a hydro pole near Hyland Crest home. For more details on the accident, see page two.

Easter Seal campaign brings weak response

Donations to the local Easter Seal campaign are down substantially, and local residents are being asked to contribute whatever they can to help match or better last year's total.

Some 2,930 donation requests were mailed to area residents this year, but only 60 envelopes have been returned, and donations total only \$623.

Last year, 2,500 envelopes were mailed, 125 were returned, and donations totalled \$1,960.

The campaign officially

ended April 11, but donations may still be handed in at local banks. As well, people who want to support the work of the Society, which serves the needs of disabled children, can help by filling up their gas tanks this Saturday at Curry Motors, during the 'Thankful Tankful' campaign. On that day, Imperial oil will contribute two cents to the Easter Seal Society for every litre of gasoline purchased.

The event added approximately \$100 to the local campaign total last year.

Study to seek benefits of better local airport

A benefit study is expected to get underway soon to determine if there is a need for expanded airport facilities in Haliburton County.

The study, to be undertaken by municipal staff in Dysart et al with the assistance of other local municipalities, was approved at a joint meeting of Dysart et al and Stanhope councils last Tuesday night.

Dysart reeve Murray Fearrey said in an interview that his council believes "we should be looking ultimately at an airport that would accommodate corporate business and service commercial activities."

Fearrey said Dysart does not intend to make any moves "that might jeopardize the present status of the Stanhope airport", and that if there is a proven need for a larger airport, Stanhope would have to decide if the existing airport could be expanded and improved.

Until the benefit study is

completed, local politicians "are not in a position to say that Stanhope is not all the airport that the county would need" Fearrey said.

Stanhope reeve Jim Harrison said Tuesday that the existing airport could provide a runway 2,750 feet long if improvements were undertaken, but that he does not foresee a major expansion at Stanhope in the near future.

Once the benefit study has been completed, municipal representatives and provincial transport ministry officials will meet to discuss the findings.

"The benefit study is going to show whether the need is there and whether the airport should be located in Haliburton", Harrison said.

If a need is identified, a feasibility study would then be undertaken to examine the existing site and potential new sites. Based on that study, steps could then be taken to secure government assistance for expansion or construction.

Hundreds of people headed for Wilberforce last Saturday to enjoy pancakes and sausages at the annual Maple Syrup day. Along with the good food,

visitors enjoyed browsing at a flea market which was also held in the Lloyd Watson community centre.

Briefly ...

Driver faces six charges

A driver who failed to stop for police faces a number of charges after his car left Highway 35 south of Dorset and rolled over.

Minden OPP officer Jim Martin attempted to stop a driver in a 1978 Oldsmobile for speeding at about 8:10 p.m. Saturday night, but the driver sped off. Some nine kilometers farther along the highway, the car failed to negotiate a curve, climbed a rock cut, recrossed the road, entered a ditch and rolled over.

George Owen Darlinson, 38, of no fixed address, escaped injury. He was charged with obstructing a police officer, dangerous driving, impaired driving, driving with a blood alcohol content over .08 per cent, driving while under suspension and failing to stop for police.

Damage to his car was estimated at \$2000.

Truck snaps pole, \$34,000 damage

A Grafton man suffered minor injuries last Wednesday when a delivery truck snapped a hydro pole and rolled over on its side.

Robert H. Reymes, 31, was attempting to turn into the parking lot of Hyland Crest senior citizens home when the brakes on his 1978 truck failed to function. Reymes drove onto a snowbank in attempt to slow the vehicle down, but the snow was frozen and the truck rode up it and into the hydro pole.

Power was disrupted in the area. The Orillia Power and Light Company, which owns the pole, estimated damage and repair costs at \$34,000.

Damage to the truck was estimated at \$4000.

Car misses animal, rolls

Two men suffered minor injuries Friday when a car rolled over on County Road 2 in Lutterworth Township.

Greg R. Mitchell, 21, of Downsview, swerved his 1981 Toyota to miss an animal and lost control. The car rolled over into a ditch, sustaining an estimated \$3000 damage.

Greg Mitchell and a passenger, Mark Mitchell, 20, also of Downsview, were slightly injured.

Seven accidents investigated

Seven motor vehicle accidents headed the list of incidents investigated by Minden OPP officers between April 5 and April 12. Three persons were injured in the mishaps, none seriously.

There were also seven lost and found occurrences, five thefts, three liquor infractions, one break and enter, and one non-reportable motor vehicle accident.

ARC Industries workers will ride in association van

Workers at Haliburton's ARC Industries will soon have a new, 12 passenger window van to take them to various job sites.

John Miller, president of the Haliburton and District Association for the Mentally Retarded, said purchase of the van "goes hand in hand with the idea of expanding our program".

ARC has been operating at the Lakeview Centre on the outskirts of the village, but it is expected to move to a location nearer to the community retarded residence in the near future. The move will allow the ARC program to diversify and give workers a chance to acquire new skills.

Miller said the van will be used to transport workers to

job sites in various areas of the county without the need for volunteer drivers and private cars. In the evenings, the vehicle will be available for community residence activities.

Major funding for the van will come from the Ministry of Community and Social Services, with the local association picking up a 'small percentage of the cost.

The vehicle will be purchased locally, Miller said.

The Stanley Cup playoffs are in full swing, but some people have already caught baseball fever. Here Linda Pockett keeps her eye on the ball while Randy Bird gets set to deliver the pitch under the watchful

eye of Kim Pockett. The youngsters playing field (the Harburn Road) was a little wet, but no one seemed to mind. Besides, piles of snow make excellent bases.

Galway/Cavendish council minutes

At its most recent meeting, Galway/Cavendish council considered the following:

Natural Resources and the Peterborough County City Health Unit will be contacted to request assistance in resolving the problem of animal carcasses left lying in the

open on public and private property by licensed trappers.

General Voucher #3 for the month of March in the amount of \$224,481.16, was approved for payment. The voucher includes the first installment for the year for the Peterborough County

School Board and other agencies.

Roads Voucher in the amount of \$21,838.48, was approved for payment.

Welfare Voucher #3 in the amount of \$113.50, was also approved.

Minutes of the Roads Committee meeting held on March 26 were adopted.

Minutes of the Galway Platoon of the Galway Cavendish Volunteer Fire Department were authorized to attend training sessions, to be conducted by the Peterborough Fire Department in Peterborough.

Severances B-16/82 and

B-17/82 (Donald Zwicker, Concession A, 5 1/2 lot 9 Galway) was supported, subject to the rezoning from Rural to Recreation Residential of the land being added to the retained lot.

Council approved of the Galway Cavendish Culture and Recreation Committee's plan to hold "Festival 82" at the Kimmount Fair Grounds on Saturday, August 7, 1982, consisting of the following major activities: auction sale, helicopter rides, hay rides, bake sale table, snack bar, adult and children events, dance and bar facilities.

82 foot lake frontages zoned

from page 1
pality has a list of improperly zoned properties he thought were to be included on this draft, however they were not.

"I don't feel it (the by-law) is complete to what we asked for," Pergolas said. He added that the copy of the by-law provided to the public "is not concise".

Pergolas said the 82 foot requirement for lakefront

lots would not remain in the by-law.

Lew McCriston, president of Soyers Lake Property Owners Association which asked for minimum lake frontages of 150 feet and the delineation of the RR zone at the public meeting last fall, declined comment as he had not received a copy of the by-law, yet.

Anson, Hindon and Minden reeve, Lloyd Walker is on vacation and unavailable for comment.

REAP program explained

from page 1

With hot water use accounting for at least one-third to a half of all electricity bills, McGee said cold water washing and other savings alternatives are discussed with homeowners.

Although the program has been operating more than six months, hydro had had fewer inquiries than it expected. Ideally, the company is equipped to conduct 320 surveys a year until the program terminates in 1991. Presently the program is designed to survey year-round homes but MacKinnon is hoping a complimentary program can be implemented to cover cottages and summer homes.

The major stumbling block the program has faced is that most people are hesitant to invite a stranger into their home to survey it. McGee also feels that many people may feel the corporation wants to investigate homes for usage that is not being reported but he disclaimed the thought, admitting that only hazardous situations will be reported if they are not improved.

"A lot of people might think we're going in as a snoop, but we're not. I think everyone in this country has put in an extra light," McGee said.

The program's main concern is that all homes are as energy efficient as possible. With the help of the hydro representatives many homes in Haliburton County could be warm and cozy for the next winter season; a phone call to the district office is all it takes.

Organization heads are hard to enlist

Local organizations are discovering that while many people are willing to help out in any number of ways, few want to assume overall responsibility for directing an executive.

Haliburton minor hockey has had trouble finding a president in recent years, and some presidents have had to stay on longer than they would like to assure continued leadership. Now, the Haliburton and District Association for the Mentally Retarded faces the same problem, and no one is quite sure how to solve it.

The association is scheduled to elect a new president at its annual meeting next month, but so far, no one has shown an interest in the job. Current president John Miller has held the job for two years, and would like to step down, but that hope is being complicated by the fact that no one is willing to take his place.

Len Creelman, a member of the association and its 'unofficial' executive recruiter, said Tuesday that while many people are interested in the association and volunteer their time to carry out its work, "it's always difficult to find somebody to take charge".

"It's the same every year" Creelman said. In the next few weeks, he and other members of the association will continue to look for someone with a knowledge of the organization and leadership abilities to take on the job. And in the meantime, if you think you fit the bill, why not let a member of the association know.

General Motors and its participating GM dealers say:

Let's **GOOD NEWS!**
KEEP MOVING!
OFFER HELD OVER TO APRIL 30

We're still pitching in with \$500, \$750 and \$2,000 bonuses on selected new GM cars and trucks.

Thousands of people have already cashed in on GM's nationwide "Let's Get Moving" cash bonus plan. Now, until April 30, 1982, you can get the same big bonuses when you take delivery of or order eligible new Chevrolets, Pontiacs, Oldsmobiles, Buicks, Cadillacs, GMC and Chevy trucks.

After you take delivery, GM will send you a cheque for your bonus. Or, if you prefer, you can apply it to the down payment on the new GM car or truck you select.

Fleet buyers should see participating GM dealers for details on fleet bonuses.

So make your move now. See your participating GM dealer and get a great deal on a new GM car or truck.

Haliburton County Board of Education FINANCIAL STATEMENT

December 31, 1981

TO THE HALIBURTON COUNTY BOARD OF EDUCATION

We have examined the Balance Sheet of the Haliburton County Board of Education as at December 31, 1981 and the Revenue Fund Statement of Operations and the Capital Fund Statement of Operations for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

HALIBURTON, Ontario
March 12, 1982

In our opinion these Financial Statements present fairly the financial position of the board as at December 31, 1981 and the results of its operations for the year ended, in accordance with the accounting principles described in Note 1 to the financial statements applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENTS

for the year ended December 31, 1981

1. ACCOUNTING PRINCIPLES

The financial statements have been prepared by the Board using accounting principles that are prescribed by the Ministry of Education and are considered appropriate for Ontario School Boards. These principles are in accordance with generally accepted accounting principles except as follows:

(a) Accrual Accounting

Revenue and expenditure are accounted for on the accrual method except for:

- (i) No provision is made for interest on unmatured debenture debt from the date of payment to the end of the fiscal year.
- (ii) No provision is made to record the liability for retirement and/or sick leave benefits accruing over the working lives of employees.

(b) Fixed Assets

Fixed Assets are charged to current expenditures unless financed by long-term debt. Principal and interest charges on net long-term liabilities are included as expenditures in the period due. Fixed assets described as Capital outlay to be recovered in future years, are included on the balance sheet only to the extent of the balances of the related net long-term liabilities outstanding at the end of the fiscal year.

(c) Reserves and Reserve Funds

Reserves and Reserve Funds represent funds appropriated for general and specific purposes and are charged or credited to revenue fund operations in the year appropriated or drawn down.

(d) Under/over requisition of Taxes

The difference between the net expenditures of any year and the amounts received to finance these expenditures is carried forward to the subsequent year to either increase or reduce the net revenue requirement from ratepayers.

2. RESERVE FOR WORKING FUNDS

The reserve for working funds at December 31, 1981 is applicable to the elementary and secondary school operations of the Board as follows:

Elementary	\$ 112,000
Secondary	<u>133,000</u>
	<u>\$ 245,000</u>

3. LIABILITY FOR SICK LEAVE BENEFITS

Under the sick leave benefit plan, unused sick leave can accumulate and employees after a certain period of employment (teaching staff - 10 years, non-teaching staff - 5 years) may become entitled to a cash payment of 50% of the unused credits to a maximum of 50% of annual salary when they leave the board's employment.

These accumulated days, to the extent that they could be used to determine the cash payment to an employee on terminating, amount to \$896,000 as at December 31, 1981 (\$727,000 as at December 31, 1980). No provision has been made on account of the sick leave benefit plan.

The amount paid in the current year in respect of the retirement gratuity was \$25,095 (\$14,258 in 1980).

4. NET LONG-TERM LIABILITY REPAYMENTS

Of the net long-term liabilities outstanding of \$1,252,000 principal amounting to \$592,000 plus interest amounting to \$384,378 is payable over the next five years as follows:

	PRINCIPAL	INTEREST	TOTAL
1982	\$ 109,000	\$ 93,385	\$ 202,385
1983	111,000	85,510	196,510
1984	120,000	77,430	197,430
1985	128,000	68,698	196,698
1986	124,000	59,355	183,355
	<u>\$ 592,000</u>	<u>\$ 384,378</u>	<u>\$ 976,378</u>

5. DEBT CHARGES AND CAPITAL LOAN INTEREST

The Revenue Fund expenditure for debt charges and capital loan interest includes principal and interest payments as follows:

	ELEMENTARY	SECONDARY
Principal payments on long-term liabilities	\$ 91,000	\$ 11,000
Interest payments on long-term liabilities	<u>96,995</u>	<u>3,750</u>
	<u>\$ 187,995</u>	<u>\$ 14,750</u>

COMMENT

EDITORIALS

Left out

The announcement that Muskoka is about to receive TV Ontario service is yet another reminder, if anyone needed it, that Haliburton is viewed by many as a kind of rural backwater where culture and education are of no consequence. That attitude was brought forefront recently by the decision of the CRTC to suspend the license of an FM radio station that broadcast classical music to the area. The station may yet make it back onto the air, but if it doesn't, local residents will be denied a service they have a right to expect.

In the case of TV Ontario, an educational network funded by provincial taxpayers, the Ontario government has seen fit to bring the service to 93 per cent of the province by late 1983, but has left Haliburton among the unserved seven per cent. That is something which should make local people angry enough to want to get the situation changed.

To give Muskoka citizens their due, they formed an active lobby group and worked hard to get the service extended to their area. It doesn't hurt, of course, that provincial treasurer Frank Miller is MPP for the area, as local TV Ontario councillor Rhonda Elstone noted in an interview this week. But still, the people in that area wanted the service and they went after it.

The time may be right for Haliburton County residents to do the same. Like music, television can be assaulting or uplifting, inane or intelligent, banal or brilliant. At the moment, those who live outside the reach of cable service in Haliburton County can have all of the cultural aridity of contemporary television broadcasting that their minds can withstand, but almost none of the quality programming offered by TV Ontario and other systems such as PBS in the United States.

The cost of constructing a TV Ontario repeater station in the area would not be high, considering the benefits that would accrue if the network's cultural and education programming was available on every local set.

Haliburton doesn't have to remain among the unserved seven per cent of the province. But it will unless local people demand the benefits of a service for which they are already paying.

On serving

There are many ways to serve a community. Some people do so by working in a public capacity on local councils, school boards and other political bodies. Some contribute in a more private way by spending time with the elderly, with youth, with those who are troubled or ill. But no matter how they serve, those who give up a portion of their time for the common good play an essential role in the community.

It is one of the ironies of modern life that despite a growing population and ever-increasing leisure time, the number of people who are willing to act as volunteers or hold public office, is declining. And as a consequence, the burden of fulfilling essential but unsung jobs behind the scenes has been borne by fewer and fewer people.

So far, the effects of that decline in the public spirit have not been severe. Local organizations continue to function more or less as they always have, and most will survive for years to come. But if volunteer groups and public bodies are to grow and flourish, new ideas will only come from people who care enough about the community as a whole to want to make it a little better.

There are dozens of organizations in Haliburton County that could use more members, more volunteers, more helpers in any number of capacities.

Some form of public service should be a part of everyone's life. If you haven't yet made it part of yours, consider giving it a try. The rewards are seldom monetary, but they can be measured in other, more important ways.

Official replies to assessment story

Letters to the Editor

To the Editor:

Re: Haliburton County Echo - Wednesday, March 31, 1982, "Loss of Assessor Worries Anson, Hindon and Minden Council".

During a telephone interview with your reporter on Monday, March 29, many questions were asked and answered, with factual quotes in the above article.

However, I would like to set the record straight on the following.

1. The existence of a backlog of building permits in the Municipality of Anson, Hindon and Minden came as no surprise to me. This buildup has been going on for some time through no fault of the assessor or regional staff.

2. The statement, "I don't see any reason why they would be falling behind, my question is what has the assessor been doing", is either out of context or was in answer to a question of a general nature.

In any situation where I find a backlog of this type developing, my first reaction would be to enquire as to the reasons and to ascertain what the local assessor is doing in the matter.

In this particular case, I must point out that the backlog can in no way be attributed to Mr. John Hill, who was only recently posted to the municipality or to his predecessor, both of whom have proven themselves to be very competent and able assessors.

Yours very truly,

I.G. James

Regional Assessment Commissioner

To the Editor:

I am writing this on Easter Sunday. I am one of the many thousands of Canadians who are very much opposed to the testing of the United States' Cruise Missile on Canadian soil, at Cold Lake, Alberta.

One might ask "Why here? Why don't they test it in their own country?" They have plenty of space for it. The answer seems obvious. They know the danger and don't want to take the risk on American soil. Furthermore, I suspect they intend to position the missile here for future use, if our Government permits it.

I was in Toronto for a week recently and found that this question is very much on the minds of people there. Church leaders are calling meetings of their congregations to discuss ways of adding their voice to that of other groups - women's groups, doctors, students, consumer groups, artists, scientists, trade unions, etc., who are protesting the placing of this monstrous weapon of destruction in Canada.

Here at home I don't see anything in the local press about it, and do not hear a peep out of anyone. It surely cannot be unawareness of the danger, since radio and TV give considerable coverage. Can it be we are all suffering from a severe case of inertia and lack of caring? This weapon is not a toy. It is an exceedingly dangerous weapon, and could quite possibly devastate most of our country and people. The nations of Europe do not want it, and our Government should emphatically say NO.

In the Toronto Star of April 3 there is an article by Sister Mary Jo Leddy which should arouse anyone who reads it.

Then the Star's edition of Easter Saturday devotes the whole front page and most of the second page to the report of Tom Harpur on his visit to Hiroshima. It is a most graphic and moving account of what he saw and heard there. Alan Ferguson - "Editor's Notebook" in the same issue, invites people to write and express their feelings on the subject. He promises to package up all the letters and send them to Ottawa for the attention of External Affairs Minister, Mark MacGuigan.

I, as a concerned individual, intend to use Sister Mary Jo's article and Tom Harpur's as widely as I can, and in any way I can, to help stop these tests, and I urge others to take advantage of the Star's offer, marking their letters "Hiroshima"; also to contact our MPs, Clergymen, and other leaders, urging them to oppose this horrible nuclear device being brought to Canada.

For Peace on Earth,
Mrs. Louise Watson
RR2 Minden, Ont.

To the Editor:

We've made it! A whole year as a Canadian immigrant. "Big deal" you say. But there were lots of people on both sides of the border who thought we were more than slightly mad.

"North! You're moving north?" or "You're giving up a good job and benefits to go be a farmer and live at the poverty level?" or "You're going to be sooo bored. What is there to do up there?" or "You're nuts! You'll be back."

That was state side. Up here they said, "North! You're moving north?" and "You're giving up a good job to be a farmer?" and "What do you know about chickens?" and "You'll never get a garden to grow in all that quack grass." and "I thought you were pulling my leg."

But, I've to tell you, it hasn't been easy. Only after accumulating about twenty-five miles, or - excuse me, kilometers of paper work, were we allowed to cross the border. I should have kept a diary. It would be very funny in about five years.

Naturally, now, when we visit the old friends and neighbours in Buffalo, they want to know if

Feir Play

Creighton Feir

I think that one of the most interesting aspects of the sports situation is the fact that sometimes when players and experts make predictions on an upcoming sports event, after its all over they are left eating crow. It is sometimes quite amusing before a sporting event to read the sports columnists' reports on just what they think will happen and then after its over to read and hear the real truth of just what really did happen. Once case in point happened on Friday afternoon when I decided to turn on the television set and see what was happening in Toronto where the Blue Jays were playing their home opener. When I tuned in they were interviewing the new Blue Jay manager, Bobby Cox. The manager was pointing out that the Blue Jays were ready for the Milwaukee Brewers, their opposition for the day and that he wanted everyone to remember that the Blue Jays had never lost a home opener since they joined the league. At that particular time I was called out and didn't return to the set for at least 25 minutes and when I turned it on, to my surprise the Blue Jays were trailing the Brewers by a 6-0 score and it was still in the first inning. Well, we all know the outcome of this game. It was Milwaukee 15 and the Blue Jays 4. I personally, enjoy listening to predictions but I don't seem to put to much faith in their outcome. Toronto, for example, is getting to be known as the city of losers. Each year before their seasons get underway the four clubs representing the city the Leafs, Blue Jays, Blizzard and Argos so we are told by the media will be in for big things. New players are air lifted into Toronto, we are told to get ready for a championship but usually when its all over the Toronto teams end up in the cellar or on their way down. At the present time, as you are all well aware, the National Hockey League playoffs are underway. I don't know about you but I always like to cheer for the underdogs and if they do happen to win you really feel good about it. As far as the play offs are concerned I keep looking for those upsets. It just seems to be human nature that when you are on the top, most of the people would like to see you knocked off your pins. On the other hand it's great to be a winner and we should all strive to be winners whether it be in sports, politics, business or in our everyday lives. Who wants to be a loser? It's easy to be a winner, but sometimes very hard to be a loser. But remember that it matters not whether we win or lose but how we play the game.

I would like to take some time here to comment on the fourth annual Community Fun Night that was held at the Haliburton Arena on Friday, April 2. I was in attendance myself and it did my heart good to see about 200 people out skating. This is one evening of the year when young and old can go to the arena together for three hours for good clean fun and exercise. Our congratulations also to the winners and all those who took part in the children and novelty races. What a grand sight it was to see the ice surface filled with skaters. Someone remarked to me that skating could come back as a popular winter sport here in Haliburton if set times were laid down each week when everyone would know the day and time. Our congratulations to all those who took part and especially the organizers. The real winner, of course, was the Haliburton Minor Hockey Association which received the proceeds for the evening.

Our congratulations go out this week to Emmerson Lumber Limited hockey club who are the new champions of the Haliburton Men's Recreational Hockey League. They defeated Bishop and Wilson in the final game played at the arena in Haliburton on Monday evening, April 5.

Haliburton's first 'Daffodil Day' was held recently to support the cancer society's fund raising campaign. The day which was a great success and will probably be an annual event, was organized by Nancy Brink and Betty Salvatori. These two ladies are to be congratulated on their all-out effort to organize this important event. Thanks should also go to the 51 local businessmen who contributed funds to purchase the daffodils. People helping people and this is what its all about.

In the Saturday, April 3 issue of the Toronto Star their TV columnist Jim Bawden made a list of 10 TV ads that drive him nuts. I certainly don't have the space to name off the 10 but I selected one out of the group that caught my eye as being very educational in a way and very humorous. This is what Jim Bawden had to say about this particular TV ad. Those Ontario government ads that try to bribe us with our own money. "Life is good, Ontario; preserve it, conserve it" the song goes; meanwhile acid rain eats up our lakes and downtown government office buildings are lit up at night like huge Christmas trees. Second prize goes to Buffalo's "Talking Proud" campaign. The good burghers can talk proud as much as they want. The crime statistics are nothing to sing about.

The Detroit Red Wings of the National Hockey League are out of the play-offs and Walt McKechnie of the Wings has returned to spend the off season at his home at Eagle Lake. He was much in demand when children gathered around him for his autograph when he attended the Midget play-off game in Haliburton last Friday evening.

VIEWPOINT

Pic of the Past

Mr. and Mrs. William Cooper were pioneers on the south shore of Boshkung Lake in the last half of the 1800's. They celebrated their 50th wedding anniversary with their nine children in 1920.

Front row from the left: Eveline Cooper Jones, Alma Cooper Redner, Mary Cooper Boice, Fanny Sims Cooper, William Cooper, George Cooper. Middle row from the left: Samuel Redner, William Boice, Jane Bird Cooper, Lily

Cooper Deacon, Jack Cooper, Ernest Cooper, William Cooper Jr., Amelia Boice Cooper. Back row from the left: Lovella Sawyer Cooper, Annie Henderson Cooper, Alice Cooper Hewitt, Alfred Jones and James Deacon were absent. The last surviving member was Jane Bird Cooper who died in 1977 at the age of 90. Submitted by a granddaughter, Petra Boice Pequegnat.

Public document should be flawless

Serendipity

by SUE COOPER

If it is true that councillors of Anson, Hindon and Minden council did not realize the residential third density zone required only a 82 foot (or 25 metre) frontage minimum, it would seem the entire zoning process was ignored. With the public release of the by-law 82-11, council in effect said "this is what we want for our townships; this is what we suggest".

Naturally objections are to be expected, but every avenue to ensure the document was as flawless as possible should have been exhausted. It doesn't seem that is the case. One councillor said he had not had a chance to thoroughly read the document as yet, although it has been dealt with for over a year and the final draft, which all ratepayers will receive, was "read a first, second and third time and passed on March 10, 1982". Another council member suggested the consulting firm of The Proctor Redfer Group had made many mistakes in the final draft and council was

now attempting to correct them.

This process seems to be operating in reverse. When council, for the good of its ratepayers, decided to update its comprehensive zoning by-law, it was congratulated. A new by-law that would include the concerns of residents, developers, cottagers and businesses was sorely needed. It was thought a new by-law would help to move the municipality ahead.

Since the first by-law was instituted in 1967 many developmental policies have changed and environmental concerns have become prevalent.

Council's first move was to hire a consultant. Along with the help of Ministry of Municipal Affairs and Housing, a new by-law began to take shape. Council's first mistake was that it did not have an overall plan for the townships. It's glance did not penetrate the future far enough. Before the document was ever presented to the consultants, council should have had a firm grasp on the development techniques they wished to have implemented in the area.

Council should have informed the consultant of the planning policies that would benefit the area, not vice versa. Council should not claim it doesn't understand a document that has been circulated to all its ratepayers for approval. How can those residents be expected to understand a document in 21 days if council doesn't realize what it contains after a year of dealing with and preparing it.

Council had many planning documents which exist in this area that it could have consulted to ensure continuity. The Haliburton County planning strategy (which is not 'officially' recognized by MMAH) and Dysart et al's official plan are good references.

Members of council should have seen the writing on the wall at least two years ago that Minden desperately needs an official plan. And those members who attend county council, reeve Lloyd Walker and deputy-reeve Doug Pritchard, surely must realize that a major part of Dysart's plan will be incorporated if a county-wide official plan is instituted. With those facts in mind, council should have looked closely at the Dysart plan and implemented policies it considered worth having. Then if an official plan is undertaken property zoning and requirements would exhibit some continuity. The minimum frontage lakeshore allowed in Dysart et al is 125 feet and many cottagers wish it was more. In the new Minden zoning by-law, the R3 zone, which

Campaign attracts 28 new members

From the Chamber

by Bob Stinson

The Chamber's recent membership campaign resulted in 28 new members joining the Chamber. The campaign may be over but it's still not too late to join the organization. If for some reason you were not contacted call the Chamber office at 286-1760 and we will be out to see you. The Chamber now represents 342 businesses in the Haliburton Highlands. The following are among some of our newest members:

Doctor Harry Shortt operates a Veterinary Clinic on Hwy. 648 just east of Wilberforce and his practice is growing rapidly with his reputation throughout the eastern part of the County.

Doctor James Tapp is Haliburton's chiropractor and snaps his patients back into shape in his clinic just below Mike's Milk in Haliburton village.

Doctor Paul Dowdall is an optometrist with offices in both Lindsay and Haliburton. The Haliburton office is located downstairs below the Village Shoppe and is open Thursdays.

Rishor, Barnes, Dietrich Ltd. Realtors have replaced the former Hawkins, Taylor and Russell Realty firm in an office located at the rear of Haliburton Red and White. Ted Saxby is carrying on as manager for the new firm whom we welcome to the Highlands.

Edgewater Beach Resort has been a well known local cottage and campground establishment on the south shores of Lake Kashagawigamog for a good many years. We are pleased now to welcome the resort and proprietor Brian Edwards as members of our Chamber.

Big Hawk Landing Marina is situated right at the end of Big Hawk Lake Road and services all of the cottagers on that lake with marine and grocery requirements. We welcome owners Bill and Ruth McAdam.

Ed Youngdale's Texaco Supplies is a former member of the Chamber that we are pleased to have back with us. They are located in Haliburton next to the Rails' End Gallery.

Big C Construction specializes in quality masonry, block and fireplace work and they have earned an excellent reputation in the area. Big C is derived from the proprietors names - "B" is for Bob Long, "I" is for Ian Arnup, "G" for Glen Fick, and "C" for Clarke Bailey.

M.D.S. Group is the laboratory that takes care of your medical tests when you deal with the doctors in Haliburton and we welcome them as new members.

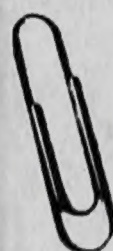

Mabel's Cut and Curls just over the bridge in Minden have been providing hairdressing services for many years and are now welcome new Chamber members.

Jim Carnochan Contracting is located at the north shore of Big Kinnis Lake and he is fully equipped for all your building needs - from digging the hole in the ground to putting the roof on the building and finishing the interior.

Jordan Lake Trailer Park and Tent Grounds is a picturesque spot on a small lake just east of Highland Grove off County Road #5. It was recently purchased by A.G. Mackie from Scarborough and we welcome he and his family as new business owners in our County.

Tom Geddis, who with his wife Jean have been operating Buck Slide Camping Grounds has now taken over Barnes Plumbing and Heating so we will be looking for two memberships from them now. We sincerely wish Tom well in this new venture.

George and Elaine Schmid at the Beaconbrook Motel are expanding on their fine reputation for good food and have purchased the former Hayloft Restaurant and Tavern next to Linkert Bakery. They are presently renovating the facilities and plan on opening by July with a licenced gourmet dining room. The new name had not yet been established.

Cox's Apparel

SPORTS

The action was tense around both nets Saturday Night at the Haliburton Midgets fought to stave off elimination in their all Ontario final against Langton.

Haliburton's 5-4 overtime win set the stage for game 5 this Saturday afternoon at the Dysart arena. Game time is 2 p.m.

HHSES girls team loses in consolation

The junior girls' floor hockey team from Haliburton's Senior Elementary School that attended the International Floor Hockey Tournament in Battle Creek, Michigan ended up in the consolation championship. In their first game against Battle Creek's number one team it was a scoreless tie after regulation play facing sudden death overtime. Battle Creek scored first to send the Haliburton girls to the consolation side.

The second game was against a team from New Jersey. The local girls quickly took control of the game and with excellent goaltending by Jody Roberts and two goals from Jodie McKnight and Shannon Curry and one from Suzanne Long, easily defeated New Jersey 5-0. In the consolation game Melanie Duchane's one goal was not enough as Battle Creek's second team defeated Haliburton 3-1.

The Emmerson Lumber team emerged as champions of the Haliburton mens recreational hockey league when the playoff series ended last Monday night. Team members are: back row, from left: John Beachli, Keith Hodgson, Eric Edwards, John

Robinson, Steve Barker, Steve Roberts, Tony Salvatori. Front row, from left: Brian Mulholland, Richard Howe, Larry Hunter, Tom Curry, Kim Emmerson, Drew Carey and Walt Prime.

Midgets' hopes saved by win

Steve Smith scored goal in last minutes of overtime

Steve Smith's slapshot from 30 feet out gave the Haliburton Midgets a 5-4 overtime victory Saturday night to keep their playoff hopes alive and ensure a fifth game this Saturday in Haliburton.

Ironically, the 6'3" left winger had scored on an identical shot earlier in the 10 minute overtime period, but the goal was nullified when the referee ruled Smith had knocked the puck down with a high stick.

The winning goal came with 2:57 left on the clock, and provided a thrilling finish for the Midgets, who had their backs to the wall after three straight losses to a rugged, hard skating team from Langton.

Haliburton appeared to have little chance of surviving the series after losing 7-3 in Friday night's third game, but Saturday's contest was a different story, as the team pulled together to make big plays when they needed them.

The first two periods of Friday's match belonged to Langton, as Haliburton was unable to muster an effective offense.

Langton scored early in the period, then added two more unanswered markers in the first and a pair in the second to take a commanding 5-0 lead.

Haliburton stormed back in the third, however, and moved to within two goals before the Langton attack again took its toll.

Kevin Warburton put Haliburton on the board at 2:50 of the third period, with help from Kelly Mitchell, and at 14:43, Mitchell and Warburton teamed up again to set up a goal by Fred Roberts.

With only 2:50 left to play, Mitchell and Warburton were again instrumental in setting up a goal that was scored by Scott Rae.

But time and stamina ran out for Haliburton as the clock wound down, and

Langton netted two more to take a 7-3 win.

The loss might have ended Haliburton's hopes, but it seemed to have the opposite effect, as they came out Saturday night and quickly took command.

Fred Roberts opened the scoring at 7:31 of the first period with help from Warburton and Rae, and at 10:09 Warburton gave the local Midgets a 2-0 lead with assists from Roberts and Rae.

With only a minute and 11 seconds remaining in the period, Langton netted one to make it 2-1.

Steve Smith took a pass from Kevin Warburton at 3:14 of the second period and drove it cleanly past the Langton netminder to re-establish a two goal lead for Haliburton that had fans tasting victory, but Langton refused to be counted out.

With eight minutes remaining in the second frame, the visitors narrowed the gap on a three way play, but Scott Rae again put Haliburton two goals in front on a solo effort at 4:13.

The margin held until 1:38 of the third period, when Langton tallied.

Haliburton showed their determination to win the game with strong defensive play, but pressure from

Langton paid off at the 14:00 mark, as they netted the tying marker, that forced the overtime period.

Spirits soared when Smith found the mark early in the fourth period, and the referee's ruling to call it back

provoked a chorus of boos. But fans got another chance to celebrate when the puck went in a second time, assuring the win.

The fifth game of the series is scheduled for 2 p.m. Saturday at the Dysart arena.

This was the scene Saturday night at the Dysart arena when the buzzer sounded to end a 10 minute overtime period and Haliburton's Midgets celebrated their 5-4 win over Langton.

More games suggested to teach young children

by CATHERINE MILLER
Infant Development
Consultant

Name of the game: Mirror play.

Purpose of the game: A special chance for baby to enjoy your talk and to learn that sounds he hears may be associated with an object or an action.

What you need: 1. Any mirror large enough to reflect the image of your face and your baby's face (a wall or door mirror, a dresser mirror, a mirror propped against the wall on the floor). 2. A soft cuddly toy, one of the baby's favorites.

What to do: 1. How curious your child is about the strange images in the mirror. Let him play and experiment with them. He may want to pat or touch what he sees. 2. Pick up your baby's toy and show it to him in the mirror. Perhaps he will try to pat it or kiss it. Tell him about the toy. If it's a dog, you could say, "That's your doggie". "The doggie says bow wow".

Variation: 1. Use other toys and other words. Little toy animals such as a cow (moo moo), a lamb, (baa baa), or a duck, (quack quack), are of special interest to babies. 2. Clap or wave with your baby in front of the mirror. Talk about the things you do.

Name of the game: Talk and do.

Purpose of the game: 1. To keep your child's interest in watching and listening to you as you speak. 2. To help him associate your talk with things he likes to do. 3. To give your baby a feeling of rhythm along with your talking. Babies must learn the rhythm of speech as well as words and meaning.

What you need: Simply a flat surface where baby may lie.

What to do: 1. Try this activity when you notice that baby is taking an interest in kicking and rolling over when he is lying down. 2. Hold his little feet and move his legs up and down and from side to side, saying such things as, "up and down", "back and forth", or "high and low", in the same rhythm that you move his feet. 3. Hold his hands and do the same thing.

Variation: 1. Try different movements, always saying something in the same rhythm.

Witnesses

meet in Norval

"Surviving a Generation of Darkness" was the title of an address given to 1570 witnesses and friends on Sunday, April 11 in Norval, Ontario. The Haliburton congregation of Witnesses was in attendance.

The speaker, Arthur Powley, of the Watchtower Bible and Tract Society, pointed

Please turn to Page 11

thm. 2. You might add some melody in your voice as you speak, such as:

"Up and down"

Name of the game: Swaying game.

Purpose of the game: 1. To help your baby become attentive to the sound of music. Learning to listen is part of learning to speak, and listening to music is a good way to start. 2. To help your child feel the rhythm of the music.

What you need: Some lively music. You may also listen to music on the radio or television, or sing your own songs.

What to do: Gently sway from side to side with your baby in time with the music.

Variation: Sing along with the music or talk to your child about what you are doing. "Sway, sway", "Back and forth", "To and fro".

Ken Danby is one of numerous Canadian artists whose paintings are on display at the Minden Cultural Centre. C.I.L. Industries has provided the works which represent the centre's first travelling exhibitions. The paintings, part of a joint show with the Rails' End Gallery in Haliburton, will be on display until May 1.

Happy Gang News

by Watson Anderson

What a wonderful white carpet of snow Nature laid for us over night to greet us Monday morning. A few more thousands of tourist dollars will find their way into the Haliburton economy. Those worried lest the 1982 growing season will be unduly shortened have only to look at Ontario's yearly record for the last 150 to find that every one of those years yielded a bountiful harvest.

That dieffenbachia that we have mentioned before has become quite a pet. Sunday night we forgot to put it to bed in the dark to find Monday morning a very, very woebegone plant. A six hour period of dark was promptly provided and it perked up as before. The companion planting is changed again so that now we have it ringed as follows - morning glory, impatiens, geranium, heliotrope, and another impatiens. From now on we will remember to

put it to bed in the dark as it needs to be.

The humiliation and torture of Christ including the lash in the precrucifixion period is documented by nonbiblical history and yet it was prophesied. It is well to keep these things in mind when you hear the Easter

story. We greatly appreciate the interest that volunteer helper June Devolin takes in our spiritual welfare.

We are reminded that volunteer helper Charlie Stomer was here Monday afternoon to finish up some toys he was making. ARC Industries are making the

same thing and moreover are deemed by labour unions and Sunday night's TV program W5 to be deserving of the minimum wage but are not getting it. Now our program will need to be changed to make something else.

A good turnout attended Please turn to Page 11

Senior League

by Bert Harrison

We had a lovely service in the Chapel Sunday night. When the Burgess' and the Thompson's put it on, it is done just right. Mrs. Thompson sang so nicely and also did the playing. Harold read the lesson and also lead in praying. Rev. Burgess then took over and took for his text "You must be born again" - or well you know what happens next.

Monday morning was fun and fitness down in the gym. Ernest Barry won the bowling by knocking down all pins. Monday night we watched two movies "Scotland", and "To the Top". They kept going up, and up, I thought they would never stop.

Tuesday morning Rev. Elliott, of the Anglican Church held a communion service in

the chapel here. Our girls came back to play and sing. We hold them very dear. We thank you for coming in this wintry weather. It was nice.

Good leadership discussed

All day workshop is funded by New Horizons program

by Susan Clements

What makes a good leader? What makes a good chairman? How much responsibility should a chairman delegate? What are the characteristics of a well-run meeting? How should committees be structured?

These and other questions will be addressed at an all day workshop sponsored by Haliburton County Home Support Services. The workshop will take place on Friday, April 30, from 9:30 a.m. to 3 p.m. at the Pine-Stone Inn. The event is open to all seniors in Haliburton County free of charge, and is funded by the New Horizons Program of Health and Welfare Canada.

The meeting will begin with coffee and registration. Dick McCann, who is chairman of the planning committee, will deliver the opening remarks, which will include information on the purpose and agenda of the workshop. Doris McCann, Chairman of Haliburton

County Home Support Services, will offer welcoming remarks. Following a film on approaches to chairing a meeting, there will be an open discussion on its content. The participants will be involved in role playing to illustrate the qualities of good chairmanship. After lunch, Marliis Lindsay, a field worker with the federal government, will discuss the structures of various types of committees, and the delega-

ting of responsibility. The day will conclude with a discussion period and evaluation of the activities.

Home Support is anticipating an attendance of approximately eighty people. If you wish further information, please contact the home support office at 457-2941.

CANADA RENTAL SUPPLY PLAN

The Canada Rental Supply Plan provides Interest Free Loans to Builders and Developers to encourage the construction of rental accommodation in areas of Canada having low vacancy rates.

Loans may be provided in amounts sufficient to enable the development industry to build and manage rental projects, taking into account project costs and first mortgage financing at market interest rates.

Rental projects on which construction will not start prior to CMHC approval may qualify.

Builders and developers wishing to participate within a specific market area should inform the local CMHC office. Those interested in more than one market area should contact:

DISTRICT NEWS

Wilberforce News

by Janet Barker

I hope everyone had a terrific Easter week-end; we couldn't have had better weather if we'd placed an order. Not that we're trying to rush the summer season at all, but have you ever seen so many people wandering around without jackets on in 35 degree, oops, make that 5 degrees celsius weather? Ah, but the sun felt so good! Saturday was a perfect day to stroll over to the community centre and browse through an abundance of finds at the flea market. From baked goods to slippers and tools, dough dolls to household treasures, it was all there. Plus stacks of delicious pancakes topped with maple syrup to dig into when the shopping was done. It was the Monmouth Maple Syrup Festival 1982, now all finished for another year. Saturday evening a lively dance wound up the day's activities, and a good many turned out to boogie off the pancake calories acquired earlier on. A gold star and pat on the back to each of the folks who gave so much time and effort towards the week-end's success. It takes a lot of organizing, setting up, hard work

and cleaning up to pull these events, and sometimes a community tends to take this voluntary help for granted. Thanks!

There are still a few Centennial mugs and books available if anyone missed getting theirs. Mrs. Schofield pointed out an interesting picture that had been received by Monmouth Township, and was on display on Saturday. Sent by the town clerk of Monmouth, Wales, it shows the Town Mayor, two Macebearers and the Town Clerk in ceremonial dress in front of Castle Hall, which is the House Headquarters of the Monmouthshire Royal Engineers. It was built one hundred and twenty years ago of stone recovered from the original Monmouth Castle where Henry V was born. It is interesting information for any of us who thought our township name originates on this side of the Atlantic - a link with royalty thousands of miles away in historic Wales!

Saturday at the Festival it was time for the draw by the South Algonquin Kinsmen in support of Cystic Fibrosis. Between the sale of tickets

and pens they raised about \$500. So far this year they've come up with about \$850 which is certainly a good part of their \$1000 goal. Congratulations on your results Kinsmen and Kinettes! Winners of the draw were: 1st prize - homemade afghan, Lynn Craigmyle; 2nd prize - homemade quilt, Pauline Pernell, Gooderham; 3rd prize - toque set, J. Leasbeater, Don Mills; 4th prize - 200 garbage bags, Dennis Rutledge, Bancroft.

One young lady who certainly took full advantage of the March Break was Kathleen Clarke. The Clarke family has for some years been what you could term enthusiasts, when it comes to down-hill skiing. Aside from spending many hours building their own rope tow and slopes in their backyard, as well as putting a lot of time in on local commercial hills, they have annually made a spring trip to various locations in Vermont. Mt. Snow seems to have emerged as their number one choice in the state, and this year, along with about 65 other skiers from our county they spent a week there. Participants in ski lessons are in groups according to their ability, and slalom races are held at the week's end. Ms. Clarke neatly raced away with the winning time in her class, winning an all-expenses paid week-end at the lodge, as well as qualifying to race in the following week's competition. So it was home for a week, then a return for the Big One a week ago Saturday. Each racer had two runs, and Kathleen

Kinmount Korner

by Millie Moss

I hope all of you enjoyed a joyous Easter season.

Welcome home this past week from down South, Ruth and Rudy Janke and family of Norland and Bill and Win Wilson of RR1, Kinmount.

Ruth Janke picked up this little gem on her way home from the St. Petersburg area of Florida. "We the willing led by the unknowing, are doing the impossible for the ungrateful. We have done so much for so long with so little - we are now qualified to do

anything with nothing."

On their way home, the Janke family stopped at a rest stop near New York where Linda Janke found a wallet containing a considerable number of travellers' cheques and cash. It was turned into the police nearby and since then a very grateful owner has sent Linda a very nice letter and reward. It pays to be honest doesn't it Linda?

Results of the Wednesday night euchre party at Gal-

way: ladies' high: Brenda Longhurst, ladies' low: Ida Young, men's high: Collin Longhurst, men's low: Jim Nightingale and most lone hands: Frank Franzen.

A fire broke out at the Kinmount Community Hall around 7 p.m. Wednesday evening, April 7 when the furnace apparently filled with oil. Doug Pearson, who was the first to notice sparks coming from the chimney and a great deal of smoke, was thrown back two or three feet when he opened the furnace room door and a small explosion erupted. Luckily Doug was unhurt. I'm told that but for the cement enclosure of the furnace room the whole building would have probably been burned down. As it is our Community Hall now requires a new furnace and will have to be completely redecorated due to the extensive smoke damage. The firemen had to wear their smoke packs and say the heat was very intense all the time they were in there. It was 10 p.m. before some of the boys returned to their homes tired but safe. It's very nice to know at times like this we have dedicated citizens who will go out at any hour and face unknown danger. Thank you fellows for a job well done.

Helen Graham of Norland was quite ill with a flu bug last week and I sure hope she's back to her happy self soon.

Jason Moss also had a bad cold last week.

Pumpkin or Persimmon Bread: 3 1/2 cups flour (unbleached), 2 tsp. soda, 1 tsp. cinnamon, 1 tsp. nutmeg, 2 cups pumpkin pulp (or 2 cups persimmon pulp), 3 cups sugar, 1 cup oil, 4 eggs, 2/3 cups water. Sift dry ingredients in large bowl. Make a well. Add all other ingredients and mix until smooth. Place in 2 9x5 bread pans (well greased). Bake at 350 degrees for one hour. (Raisins, chopped nuts may be added, 1 cup of each). This bread is easy and freezes well. It also stays moist two weeks in the refrigerator.

The folks are now out, during April, collecting for the Cancer Fund and at this time I would like to thank very much, the friendly people who so graciously accepted me into their homes on the very cold day I was doing my small bit to help beat one of the dread diseases that hits young and old.

Shelley Janke spent part of her Thursday in Minden while mom-in-law Ruth spent hers in Lindsay.

Welcome home also, to Jim and Eva Peacock who spent three weeks in Texas. More of their trip later.

I enjoyed a visit from Bill and Win Wilson, Thursday afternoon and they are tanned but seemed glad to be home after enjoying three

Please turn to Page 10

Coboconk News

by Shiela Lake

It's always a sad sight, when one watches a property destroyed by fire. Good Friday won't be forgotten by Nancy and John Wilms. On April 9, just about the noon hour a fire was reported in their newly built home, the first home on the right side as you head east out of the Burnt River Road, from Hwy. 35, just beyond the Hannivan Texico Gas Station on the southerly approach to Coboconk. When we first saw the smoke, it looked like it could be the garage. However, it was the Wilms' home. Nancy, John and children have still been living in their home along the river; beside the United Church manse but had planned on moving into their new home soon. Nancy had most of her ceramics moved, John had a lot of tools there and some furniture was in the new house. It was all destroyed in minutes, despite the local fire department's fast action. Our hearts are with you, folks. It was a bitter blow after the many long months you have worked to build.

Winners in the seniors' euchre first as follows: ladies first - Viola Dickson, 69; ladies' second - Judy McDonald, 69. Consolation: Elva Hannivan, 50. Men's first - Alma Rettie, 73 and Dave Crichton, 71. Consolation - Hilda Chynoweth, 43. Most lone hands prize went to Judy McDonald 3 and Alma Rettie 6. Bridge winners were Hayden Nelson, 3180, and Peggy Baker 3050. Consolation prize went to Harold Kennedy, 1200.

Mrs. Helen Baldwin, Mrs. Mary Richardson, and several other relatives from Lindsay and Peterborough have all been enjoying a holiday in Florida.

The annual Good Friday rally was held at Faith Tabernacle. The afternoon speaker was Steve Coates from Shiloh Christian Centre, Fenelon Falls and the evening speaker was Rev. Dale Lloyd, the pastor from Napanee. The ladies of the church served a dinner at 5 p.m. for all who came.

Gladys Routley and I spent an hour or so visiting a sick

lady who is recovering from surgery. Mrs. Kay Roske, Burnt River, enjoyed the visit as did we, and made us count our blessings since Kay has had some 18 operations. Get well soon, Kay.

Gooderham News

by Mary Hadley

Mr. Bert Mintz died at his home last Thursday at the ripe age of 93 years. He had resided in this area all his life and farmed where his son, Vern, now lives. He, along with his brother, threshed in this area and later operated a portable shingle mill. He is survived by his wife, the former Linda Switzer, two sons, Vern and Mervyn, three daughters, Violet, Olive and Marion. A daughter, Verna and a son, Orie, predeceased him. Also surviving are a brother, Merle and a sister, Iva Hadley. Visitation was held Friday evening at the Pentecostal Church where many friends called to honour his memory. Funeral services were held Saturday afternoon at the Pentecostal Church with Pastor Sauve officiating. Interment took place in the Gooderham cemetery. Following the service, the many friends and relatives gathered in the

Community Centre to express their sympathy to the family which is also extended by our community.

On Saturday and Sunday, April 3 and 4, the Wilberforce - Scarborough hockey tournament was held in Wilberforce arena. This is an annual event and the visiting team are billeted in the homes of the local players. A good crowd enjoyed the lunch and dance at the Watson Memorial arena on Saturday evening.

The Novice team won both games thus making them the champions in the Novice play-offs and winning the cup. Jason Billings was named first star while Tony Billings, in goal, won the third star.

The Atoms lost but Marsha Sweet (goalie) was chosen as second star.

The Midget - Juveniles played Bancroft winning on Saturday but losing on Sun-

day. Dave Storey of Wilberforce was the second star.

The Bantams lost both games to Scarborough with Chad Irvine of Wilberforce being third star.

The PeeWees lost both games but John Paul Detler was named second star.

On April 17 and 18 the Wilberforce teams return to Scarborough for the Scarborough - Wilberforce tournament.

On May 1 all are welcomed to the hockey banquet in the Community Centre at Gooderham. This will be a pot luck supper. Presentation of trophies will be made at this time and the minor hockey executive will be selected. Films for the children will be shown. If you are interested in serving on the executive,

Please turn to Page 10

ONTARIO FARM ASSISTANCE PROGRAM EXPANDED

You may now be eligible.

We've broadened the eligibility for the 1982 Farm Adjustment Assistance Program so we can help more farmers.

For farmers facing financial difficulties, the program offers financial assistance and financial management counselling.

BROADENED ELIGIBILITY
The farmer must have equity in the farm business of between 10% and a new upper limit of not more than 60%. Present interest and principal payments must exceed 20% of operating costs.

The total value of food or tobacco products produced on the farm in 1981 has been reduced to \$12,000.

ASSISTANCE
Farmers can take advantage of one, or more, of the following options:
1. Deferral of interest by the lender on loan(s) for a period of six months backed by a Provincial guarantee. During this time, the lender will not compound the interest.
2. An interest reduction grant on floating-rate loans and short term,

fixed-rate loans for operating purposes only for up to 12 months. The maximum grant will be 5 percentage points. Loans may be reduced to a level as low as 12%.

3. An additional line of credit for operating purposes only, guaranteed by the Province of Ontario. This new credit would be provided by the lender at the prime rate for up to 12 months.

APPLICATIONS
For further information on this program and application instructions see your lender; or visit an OMAF county office; or write 1982 Farm Assistance Program, Queen's Park, Toronto, Ontario M7A 1B7.

Guilford Pulse Beat

by Bill Wood

Hi folks. Another week has slipped by and as I sit writing this column I see that ol' man winter is still trying to hang on to the area for a while, but I don't think the Easter Sunday snow will last very long. Visitors to our bird-feeder stations are, a few pairs of song-sparrows, a pair of black squirrels, and a pair of very cute, determined raccoons at night. These creatures are signs of spring.

Yvonne Pritchard, summer resident of Maple Lake, took a very nasty fall on an icy step last Wednesday and suffered a compound fracture of her right leg, just above the ankle. Yvonne was still determined not to let the accident hamper her plans for her Florida trip with her sister, Dorelle Baker, so cast and all she left Saturday for a relaxing two weeks stay in

the sunshine state. This reporter wishes Yvonne a very happy holiday and a quick recovery with her leg.

Circle your calendar for April 17 to remind you of the monthly dance at the West Guilford Recreation Centre. This licenced dance starts at 8:30 p.m. and tickets may be purchased at the door for \$8 per couple. The band that will be entertaining the dancers will be "Wildwood", a noted group from Lindsay. These monthly dances are very popular with the area residents and a good time will be had by all who attend this dance.

This last week-end brought many summer residents back to the area. Most of them, I talked to, were surprised that we still have as much snow on the ground

as we do. They all seem to be "chomping at the bit" to get their cottages and trailers in order, so they can enjoy their summer retreats, but they are all going to have to wait for a while yet.

Jean, Bethany, and I spent a fabulous day at the Legion flea market last Saturday. Many Guilford area residents came by our table to chat a while. Among these were Annie Jones, Mary Simms, Gladys Kreller, Dorothy Shantz, Sherman Griffin, Mary Griffin, Cindy Griffin, Dale Griffin, and Ev Stata. The ladies from the Fort Irwin Residents Association were on hand with their tables filled with many fine things for sale at very reasonable prices. I believe they did better this time with their sales than at the previous

sale. Jan Shipley, Legion representative, told me they only have two tables available for May 29 flea market sale, as all other tables have been booked in advance. A tip of the "Good Neighbour" hat to Jan and all the other fine ladies of the Legion who, with their hard work and hearts, have been paying off the debt that the new Legion kitchen has cost.

A fine job done by all of the Legion ladies with the many functions that they undertake is to be cheered. The many vendors whom I talked to are very pleased with the fine crowds that turn out for t'is event. I was even lucky enough to win a delicious ham on a high roll contest. We hope to see a lot of our friends at the next Legion flea market May 29.

Household hint of the week: Ever hear of evaporated milk as a bonding agent for crockery, china, or stoneware items? Works for repairing chipped or cracked cups and plates. I even bonded the handle of my favourite coffee mug back on the cup and it hasn't come off yet! Jean repaired the leg of one of her figurines and you can't even see the repair. Try it and you'll be amazed.

Any news from the Guilford area for next week's column? Please! Call me at 754-2854 before Sunday noon. So until next week, God bless and take care until then and keep off the thin ice.

Finally, was it just another fish story or was someone really seen on a liesurely stroll on the shore of Lake Wilbermere Saturday' clad only in bathing suit and travel? Shades of Polar Bear dips! Brrrr.

Wilberforce News

from page 9

again finished up with the winning time of the race! This time her prize was a week's paid stay, complete with lessons during next year's season. Congratulations!

Date to note: April 24 at the Community Centre a Benefit Dance will be held for Bill and Karen Scott whose home was destroyed by fire two weeks ago. This will be a licenced dance, with entertainment by Margie and

the Country Gentlemen. It sounds like a really good time, and of course you won't find a better cause to come out and support than neighbours who've had this misfortune, so see you all there!

On Tuesday, April 20 there will certainly be mixed emotions at our Community Centre, as St. Margaret's Anglican Church sponsors a pot-luck supper and Open House in honour of Canon Moore Smith and his wife Violet who will be leaving our vil-

lage at the end of the month. Sorry as I will be to see them go, I at the same time feel a sense of excitement for them as they begin another chapter of their lives, not knowing what lies ahead but as always eager to do God's work wherever He leads them. This evening is open to anyone who wishes to come, and begins at 6:30 p.m. Canon and Mrs. Smith arrived in Wilberforce 2½ years ago after living in Jamaica. Previous to that, they spent many years in the Diocese of Toronto. On May 1 it will be moving time again, a new ministry in Warsaw.

Gooderham News

from page 9

now is the time for nomination.

Stephen Bell spent the holiday week-end with his parents, Hazel and Ken Bell. He was accompanied by Hazel's sister, Miss Eleanor Booth, both of Toronto.

Visitors with Mary Hadley for the holiday included her son, Bob, his wife and her mother, Mrs. Murray, daughter Sherry, son, Murray and his wife and little son, Michael, all of Barrie. Sorry to report that Ken

Webster is in St. Joseph's Hospital, Peterborough, where he will undergo surgery. His many friends hope he may soon enjoy good health.

Kinmount Korner

from page 9

weeks in Florida.

A very happy birthday to Dora Lilley of Norland, on Easter Sunday, April 11.

Our daughter, Bonnie Walker, of Weston, spent the night with a girlfriend last Thursday where she intended leaving Good Friday morning to come up to Norland to visit relatives and thence to Kinmount for the week-end. She left her friend's house and found her car had been stolen so there was no trip to the north country on Good Friday. As I'm writing this item, she is waiting at her friend's house for the police and insurance people and the friend is waiting to leave for her parents' home for the week-end. They have no phone so are probably wondering by now why their daughter and grandchildren haven't arrived. Our daughter is understandably upset and said, "Your Easter present was in the car too." It's sad to think of "Toronto the Good" turning into a city like others we hear so much of.

A birthday celebration in honour of Hazel Belfry of Kinmount was held March 31 at the home of her daughter and son-in-law, Stella and Albert Hartin at RRI, Kinmount. Mrs. Belfry enjoyed very much the delicious turkey dinner and the beautiful birthday cake made by her granddaughter, Barbara Fountain, and the company of her daughter and son-in-law, Gertie and Walt. Stewart of Keene, Ontario and another daughter, Freda

Couvier of Cobourg, Berdina Miles and her daughter, Dorinda, of Minden. It was a very enjoyable day all 'round for Mrs. Belfry who was 94 years young on that day. Happy birthday to you from all who know you including your five great great grandchildren and 40 great grandchildren.

Easter week-end visitors at the home of Stella and Albert Hartin were daughter and her family, Mr. and Mrs. Brock Kellett of Bramalea and children Kim and Duane.

Susan and Jerry Lee became the proud parents of a bouncing boy last week, at Calgary, Alberta. Susan is the daughter of Fran Crawford, formerly of Kinmount.

Don't forget to drop by the little shop in "Coby" across from the Lions Community Centre and have a peek at the gift items now on sale and all hand-made by local girls. You can also pick up your spring cleaning supplies of paint, etc. while there. Try it, you'll like it.

Percy and Florence Sherman, while driving north on 121 about 6 miles from Kinmount last Saturday spotted a group of people milling around and it was a sight to behold. Five moose were at the side of the road and stayed for about five minutes before going on their way. Then, on Sunday while Percy and Florence were on their way home from church Bruce and Lorene Dettman told them that while driving the previous Friday morning they had the pleasure of

seeing 16 deer right at the corner by Fenelon Falls. Robins have been reported back in the area too so now if this snow would just go away.

I was pleased to hear Mrs. Ada Bowrin is once more home from hospital.

Easter guests of Percy and Florence Sherman were Mr. and Mrs. Wm. West of Lindsay and Mr. Tom Bacon. I hope to hear how Mrs. McGrath is doing soon, as many of her friends are asking.

Joan and Ken Hyams had

Bertha, Bill and Keith for Easter dinner and the movies of their Hawaii trip awhile back, were most enjoyed.

On the sick list over Easter, were Helen and Alex Graham and Jack Pyke. I hope all are well soon.

If any of you have a yogurt cake recipe you'd like to share, please let me know as I received a phone call from Irene Bartley over Norland way and she says a number of ladies have been asking for one. I'll see what I can do

once again, to all worship together.

A lady here is mad at me, she seldom will speak, most every week. But she is a dear old soul, in her own way, for she is knitting, sewing, stitching, for someone every day.

We welcome Mrs. Ruby Lewis to this restful place. We trust she will like it here, and few troubles she will face.

I was invited to view the art collection in the Cultural Centre. It was so windy and cold outside I did not venture.

Tuesday night Earl Cooper and Kathy Owens came to entertain us in the gym. Earl played his fiddle, pipes and mandolin. Kathy sang some

good old hymns on her accordion. We say a great big "Thank you" for a job well done.

We would like to thank all who sent us Easter cards.

Wednesday afternoon, the ladies in the Craft room knitting afghans, scarfs, painting or winding yarn in balls - but I wish you could see Amelia's cute dolls.

Thursday afternoon the A.C.W. ladies from Haliburton served the tea party this cold winter's day. We thank you all for coming from so very far away. They not only brought a lovely lunch, but some cute little Easter baskets. What was in them? I don't like to ask it.

The Bingo was put on here last night by Mr. and Mrs.

Lyle McKnight, who always do things just right.

We welcome Mary Oliver back again after being absent for many weeks. She is looking quite well, with a dimple in her cheeks.

It was sing song time again this Friday afternoon. Grace Coburn and Fred Ballard came to play, and sing some tunes. Grace always reads a couple of rhymes which is quite humorous. These two come and entertain us without a bit of fuss.

The Good Way Through the years, the pace of life grows slower. We know our time on earth is only lent; Let's make a vow to spend each moment wisely, And peace of mind will bring it's own content.

from page 8

the Tuesday's bingo with Volunteer helpers - Betty Wise, Bernice Ross and Helen Archer supervising. Ray Smith called and does remarkably well, developing the knack of calling just a little slower than the slow pokes.

A very interesting meeting of the Happy Gang was held Wednesday morning to learn that donations to the Wheel Chair Van Fund have reached \$3000 but a brand new idea emerged that has left us all expectant to the effect that a used bus certified to be road worthy may be donated to us in which case it could be equipped in some way to safely load wheel chairs and occupants. To tender to have this done by mechanics or inventive geniuses in the county of Haliburton, or maybe even of Peterborough or Hastings may get us some quite efficient, safe and serviceable contrivance even better than any now in use.

On leaving this eventful meeting we found transportation waiting to again take us to Locarno-on-the-Lake to dine with many other senior citizens of the county. Pat and Harry Woolley took Ivy Shaw and Alice Hartle, Marion Currie took Jack Pollard, Norman Titus and Watson Anderson, Les and Gwen Hughes took Peggy Henderson and Flossie Burk and Jack Flemming took Hazel Parish and John Sissons.

merriment to get us going. Somehow we left the English and Welch out of it but they are only spectators anyway making it a very nice dinner out.

The annual Vimy banquet was held at the Sir Sam Hughes branch of the Lindsay Royal Canadian Legion 57 Thursday evening in honour of all veterans who were in the battle to capture Vimy Ridge from the enemy. In the Happy Gang this included Charlie Rumbelow, Jack Henderson and Watson Anderson, the latter being the only one who could attend. With him was World War II veteran Sylvia Sisson, president of Haliburton Royal Canadian Legion branch 129, who transported veteran Stanley Cooper and Walter Noice to this sumptuous event. Our pay in those days was \$1.10 per day but some Imperials (British army veterans) whom we met there got 26 cents daily. But Thursday evening made up

for it all with all those pretty lady war veterans waiting on us - the ladies auxiliary of the Lindsay Royal Canadian Legion. We deem it to have been a very special privilege to attend.

The Happy Gang is of the belief that our society has become very sick with every facet proliferating as it does in cancer. In the past 30 years, in the world over there has been no agency that can offer a solution, least of all any governments that thrive on escalating wages. Society must turn this predicament around and no group can afford it better than the medical profession who and by example may bring about a reversal of our plight. If the Ontario Government will simply dig in their heels and let the O.M.A. make the next move it may surprise them how many Ontario physicians will give them their whole-hearted support.

Lieut. Sidney Buell of the Salvation Army in Halibur-

ton, his infant daughter Jennifer, his little older son James and his officer pianist wife Beverley conducted the Good Friday morning devotional period. The theme of this service was taken from the gospel of St. Luke the physician disciple which simply described the public reaction and sign over Christ's (Latin, Greek and Hebrew) head "This is the King of the Jews". Thank you kindly Sally Ann!

We are happy to report that the Happy Gang and incidentally extendicare, Haliburton, has a new member. Often these new admissions seem distant, but very soon they become just like the rest of us. This lady is Marjorie Gordon from extendicare, Toronto.

We are happy for former resident Ella Maughan who has returned to her home in town. She will be missed by all.

Jehovah's Witnesses meet

from page 8

out that, despite claims to the effect that this is an enlightened age, the facts show that our generation is a generation of darkness. The Bible clearly indicates that God will bring an end to this present era of spiritual lawlessness, Powley said, but it also shows the way to God's approval and survival into a new order - God's kingdom.

Powley further drew attention to the scriptural requirement for Christians to preach the gospel worldwide; a work which Jehovah's Witnesses have been doing for years. Some 15 new Witnesses chose the occasion of the gathering to confirm by baptism their dedication to proclaim God's purpose to their fellow man.

United Church conference held

from page 8

presentation on his November visit to Korea entitled The Sky is high and so are their Hopes.

The Bursary Fund of the Bay of Quinte Conference U.C.W. gave financial assistance to 33 student ministers this year. Rev. Lloyd Shorten encouraged the gathering to support "Investment in Ministry" which will aid students at Queen's Theological College.

Events for women to be held in 1982 will be September 10-12 at Camp Quin-Mo-Lac with Rev. Phyllis Smyth of Montreal as resource person, and November 2-3 at Campbellford United Church when the human rights and justice issues will be looked at with Bonnie Greene of the Human Rights and International Affairs Branch of the Division of Mission in Canada as speaker.

Rev. Ed Schamerhorn,

president of the Bay of Quinte Conference, conducted the election and installation of officers. Margaret Gilson of Little Britain was elected president, and Margaret Lownsbrough of Oakwood was elected secretary.

A communion service conducted by Rev. Kathryn Humphries brought the 20th annual meeting to a finale. The 1983 meeting will convene in Trinity United Church, Cobourg on April 5-6.

Lewis to head children's services

from page 8

was elected Chairman of Children's Services Steering Committee (C.S.S.C.) effective March 29. Major Lewis has been the municipal appointee of C.S.S.C. for three years, and has served on that committee as Vice Chairman. C.S.S.C. is a voluntary committee which plans and coordinates services to children

in the counties of Haliburton, Victoria and Peterborough and the City of Peterborough.

Notice of Meetings: April 26, at 7 p.m. the Senior Elementary School - Haliburton County Local Advisory Board on Children's Services. The full board and all committee members are asked to attend.

COMING EVENTS

We are deeply touched
by the love and consider-
ation shown to us during
the lengthy illness and
subsequent death of a
beloved husband and fa-
ther, Mr. Bert Mintz.

A very special thanks to
Dr. Hartwick, V.O.N.
nurse Anne MacNaull, our
homemaker Mrs. Norma
Hughes, our beloved pas-
tor and his wife Rev. and
Mrs. Roger Sauve, who
gave unstintingly of their
time and talents, to Mrs.
Doris Young who so gra-
ciously played the piano,
to all those who donated
food, gave memorial trib-
utes or otherwise helped
to make our loss more bear-
able. To those who worked
behind the scene prepar-
ing the lunch, seeing that
we were made comfortable
and refreshed.

To those who came from
a distance to offer encour-
agement and to pay their
final respect to a beloved
brother, grandfather, un-
cle, friend and pastor.

To our friends Gordon
A. Monk, funeral director
and staff who served us
above and beyond the call
of duty.

To each and all we
extend our heart felt grati-
tude.
Linda Mintz and family.
27-P-14

THANK YOU

The family of the late
James Tripp wish to ex-
press their sincere thanks
to all those who were so
kind and helpful to us in so
many ways in the loss of a
dear son and brother. A
special thanks to Rev. J.
Smith, Lillian Henry, Jean
Bain, those who sent cards
of sympathy and phone
calls and a special thanks
to my sister, Mrs. E.
Gagnon, for staying at my
home while I was away.
Edna Tripp and Family
27-P-14

We thank our relatives
and friends for cards,
gifts, phone calls and per-
sonal visits on the occasion
of our 50th wedding an-
niversary.

Thanks to the United
Church Women for pro-
viding the delicious lunch
and to David Swail of the
Minden Times and Sue
Cooper of the Haliburton
County Echo for their
kindnesses.

And thanks for the
greetings, certificates, and
plaques from: The Gov-
ernor General of Canada,
Ed Schreyer, the Prime
Minister of Canada, Pierre
Trudeau, the Right Hon-
ourable Joe Clark, leader
of the opposition, the
Lieutenant Governor, John
Aird, the Province of On-
tario and the Honourable
William G. Davis, David
Peterson, leader of the
Opposition, Bill Scott,
M.P., John Eakins,
M.P.P., and the Warden
and County Council mem-
bers of the Provisional
County of Haliburton, pre-
sented by Doug Pritchard,
Deputy-reeve of Anson,
Hindon and Minden.
Percy and Ina Brintnell
27-B-14

ceased by one grandson
and one great grandson;
dear brother of Merle of
Toronto, Iva (Mrs. Hadley)
of Bobcaygeon and prede-
ceased by Lorne, Wal-
ter, Louie, Del

Metric is encouraged by conservatives

Queen's Park Report

by John Eakins, MPP

Davis Government Committed To Metric Conversion

Some federal Tories delight in stirring up people's emotions about metric conversion to enhance their own personal election prospects. They pretend that federal Liberals are engaged in a sinister plot to force the metric system down our throats.

If they were really committed to slowing down or eliminating metric conversion in Canada, as opposed to enhancing their own personal profiles, they would carry on their missionary work among the provincial Tories here in Ontario.

Let's not forget that metric conversion in Canada only got off the ground because it had the unanimous support of the provinces.

Possibly, this handful of federal Tories are reluctant to embarrass their provincial cousins.

Metification originated with Sir John A. MacDonald, and has been endorsed by Diefenbaker, Stanfield and Clark. Originally, Liberals opposed the concept as an assault on the English system of Imperial weights and measures.

It was the Honourable George Hees who got the metric ball rolling in Canada. His counterpart, the Honourable Larry Grossman, was responsible for passage of Bill 137, The Metric Conversion Statute Law, in 1978. In fact, he was so confident that there would be no problem in having the bill passed by the Legislature that he didn't bother showing up to pilot it through the House, and turned it over to his Parliamentary Assistant, Gordon Smith.

Instead of being undermined by their federal Tory cousins on this matter, Mr. Davis and Co. should be given their due credit, as supporters of metric conversion.

Excerpts from the Ontario Legislature's Hansard bear out their ongoing support of the metric conversion process.

April 19, 1971

Mr. R.G. Hodgson (Victoria Haliburton): "One national concern is the change-over to the Metric system. We as a province, should look at this future requirement which will face our people, our industry, our education system and our way of

life. It will update our plants, create jobs, and improve our export opportunities. Let us take a good look at this with a view to not only what it means to our future, but what it can do for us in the short term in Ontario."

February 29, 1972

In the Throne Speech, Mr. Davis said: "It is my government's intention to expand its activities in the fields of industrial research and development, metric conversion, and international standards and specifications, and to take all effective and practical steps to decrease Ontario's reliance on imported technology."

November 7, 1974

The Honourable Thomas Wells: "Mr. Chairman, through 1974 there has been a great deal of forward movement related to the adoption of the metric system in Ontario's education, and in fact, all across Canada. The Ministers of Education for all provinces are working toward the implementation of the metric system in our schools by 1978."

Let us quote from an Ontario Ministry of Education pamphlet, "Our Schools Go Metric": "Any change can seem unnecessary if it represents a break with the past. But metrication is a genuine step forward; among other things it will make mathematics a much easier learning experience."

What is the real Tory position on metric conversion?

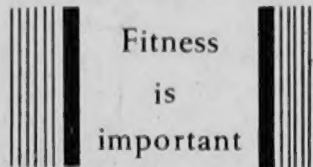

Is it possible that the Tories in Ottawa don't know what their provincial Ontario cousins have been doing and saying on this question, or is it that they are just making a lot of noise to attract attention?

Sue Cooper

from page 5
includes many lakeshore properties, carries a minimum frontage requirement of 82 feet.

Cottagers have never been happy with the 100 foot frontage requirements in Anson, Hindon and Minden and those cottaging on lakes with an R3 zone are sure to object. It is an unnecessary confrontation. Council knows the OMB, from past experiences, will not allow small frontages and cottages have won this battle more times than the council or local developers wish to admit. Council will have to negotiate the matter.

The fact is council should have had a firm grip of what its citizens wanted and, if nothing else, what the public document said before it was circulated.

Extension to Galway Acres

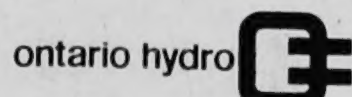

A three month extension was granted by Council for Galway Acres Ltd. draft plan of subdivision to July 6, 1982.

A survey from Ministry of Natural Resources regarding the proposed road to Wilcox subdivision over Concession 11, lots 18 and 19, and Concession 12, lot 20 Caven-dish, was received.

Gravel tenders were opened at 1 p.m. Tenders were received from the following: Ormell Sand & Gravel Ltd., \$32,660; Thompson Crushed Stone & Gravel, \$34,000; Pinewood Aggregates Ltd., \$35,130; Wm. O'Neill Construction Ltd., \$26,055.

William O'Neill Construction & Equipment Ltd. tender for the crushed stone was accepted in the amount of \$26,055, for the supply of 7500 tons of 5/8" crushed stone

W. E. Wiggins Funeral Home
Bancroft, Ontario 332-3990

GRASS CUTTING AND TRIMMING TENDERS ARE INVITED FOR MINDEN AREA'S 5 DISTRIBUTION STATIONS 1 TRANSFORMER STATION

Interested parties are invited to submit on Ontario Hydro Forms "Invitation to Tender" their contract price for grass cutting and trimming at Distribution Stations and Transformer Station located in the Minden Operating Area.

Contractor will be responsible to supply his own material, equipment and transportation.

Work will consist of:

- (1) Cut and trim 4 Distribution Stations approximately 16 times.
- (2) Cut and trim 1 Distribution Station 2 times. (once in spring, once in fall)
- (3) Cut and trim 1 Transformer Station approximately 16 times.

Work to commence on or about May 10, 1982.

Tenders to be submitted by 4:00 p.m. April 16, 1982.

Tendering documents will be available April 9, 1982.
